Self-cleaning Wand

Hygiene Ensured

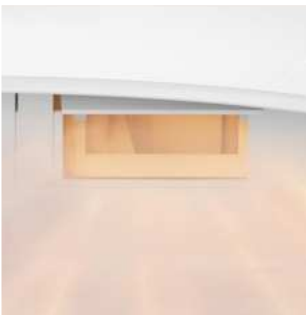

The wand is automatically cleaned in all directions, before and after each use. Maintains cleanliness at all times.

Warm Air Dryer

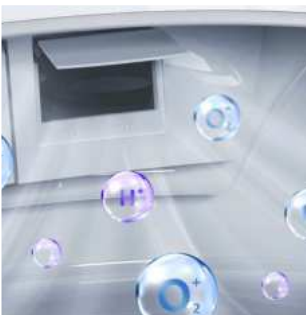

To eliminate the need for toilet paper

- After cleaning, start the heating function
- Soft and warm air drying
- 6-level air temperature adjustment can be carried out in the range of room temperature ~ 58
- Rotate speed: 2.5W R.P.M
- Air volume: between 0.3 m³/min and 0.4 m³/min

Plasma Sterilization

- Effectively remove 99% of bacteria and protect the health of the whole family
- The air is neutralized in the toilet by and negative ions, and the energy generated can achieve the sterilization effect second, effectively preventing the growth of bacteria
- Efficiently kill Staphylococcus aureus and Escherichia coli adhere ring to the inner wall of the toilet

Descaling Function

All water contains minerals, like calcium and magnesium, which pass through your toilet and eventually accumulate on the element as limescale. Descaling is the process of removing that mineral buildup.

Instant Water Heating System

Provides immediate comfort of endless warm water in a strong and soothing wash

- High-quality heating tube heats in one second
- Ceramic instant heating tube - even cold water
- As 50C can be heated to 350C in one second, giving you the most intimate care in the cold winter

LAVITA COMFORT+
FULL SPECYFICATION

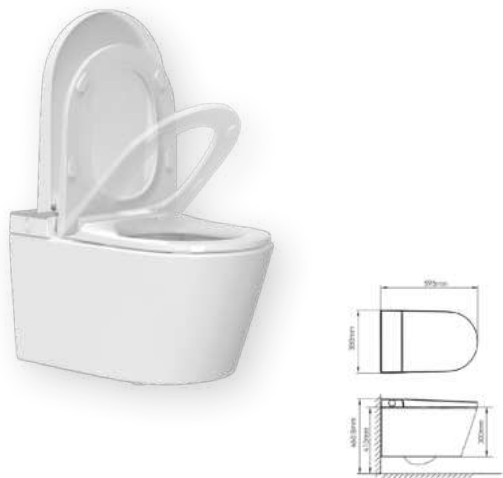

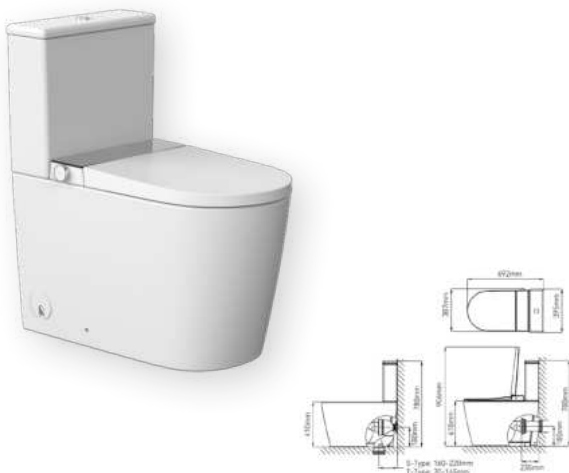

Table with 2 columns: Feature, Specification. Includes Rated voltage, Rated frequency, Rate power, Max power, Heating method, Environment temperature, Working pressure, Wand spray flow rate, Flushing volume, Seat temperature range, Water temperature range, Warm air temperature range, Warm air volume, Safety device, Worldwide certification, Power cord length.

Table with 2 columns: Feature, Specification. Includes Washing (Rear wash, Front wash, Movement wash, Water temperature adjustment, Water pressure adjustment, Nozzle position adjustment), Cleaning (Nozzle self-cleaning, Detachable nozzle, Arc-shape spray wand, Anti-bacterial nozzle, Anti-bacterial seat), Flushing (Seat-off auto flushing, Remote control flushing).

Means this function is available
Means this function is optional
Nine safety protection: Temperature sensor, anti-air burning device, temperature controller, temperature fuse, earth protection, leakage protection device, anti-freeze cracking device, high water pressure protection, anti-low temperature scald
Smart nigh light option: Light smart-sensing, Optional normally-on & normally-off function

Table with 2 columns: Feature, Specification. Includes Comfort (Soft-close seat and cover, Seat and cover material, Seat heating, Seat temperature, Seat sensing, Warm air dryer, Air temperature, Endless warm water, Control method), Advanced features (ECO, Light sensor, Anti-Backflow, Waterway descaling, Quick release seat cover), Optional features (Seat & lid open by microwave-sensor, Seat & lid open by foot-sensor, Foot-sensing flushing, Plasma sterilization).
